**Apple.com and Apple Store:
Saved Items and Session Recaps**

December 2021

File name

Saved Items and Session Recaps.csv

File description

This file contains products, parts, and services a user has saved while shopping on apple.com or through the Apple Store app, along with session recaps of conversations users may have had with specialists in the Apple Store.

Why Apple keeps this information

To help customers retrieve the products they are interested in and easily access them across site and app visits.

Field Name	Details
Session Recaps	A list of products shared with a customer that details the specific items discussed with a Specialist at an Apple Store
Apple Id Number	Apple account identifying number
Creation Date	The date and time the product, part, or session recap was saved
List ID	The identifier for a specific list to which a part, product, or service was saved
Product	The saved part, service, or product name
Saved Items	A place to review and organize a customer's favorite products that they've saved while browsing the Apple Store app or apple.com
Apple Id Number	Apple account identifying number
Creation Date	The date and time the product, part, or session recap was saved
Product	The saved part, service, or product name
Store	The name of the store from which the user received a session recap
Session ID	The identifier for a specific session recap received by the user
